## PREFACE

National Bibliography serves as an indicator for national research trends, literary output and intellectual pursuits depicted in the writings of intellectuals of the nation. This literary heritage of Pakistan is recorded in the annual volume of Pakistan National Bibliography, which include the books published in Pakistan and received in NLP under depository provision of copy right ordinance 2002. To continue the tradition, the 2015 annual volume is presented for the benefit of researcher, academia and intelligencia as well as for the public at large. This volume contains newly published material deposited in National Library of Pakistan under Copyright laws prevalent in the country. Besides, the material received through purchase, gifts and exchange basis during the year 2015 is also included in this issue. However following types of material are excluded from this bibliography:-

- a. The keys and guides to text-books and ephemeral material such as publicity pamphlets etc:
- b. Maps
- c. Musical scores
- d. Periodicals (accept the first issue of a new periodical and the first issue of a periodical under a new title)

### Standard of Arrangement

While preparing subject wise bibliographic entries of the material included in National Bibliography, Dewey Decimal Classification Scheme 20<sup>th</sup> edition has been used as base and new subjects are classified according to the 23<sup>rd</sup> revised edition of Dewey Decimal Classification Scheme. For cataloging practices, Anglo American Cataloging rules 2<sup>nd</sup> edition 1988 has been followed.

### Style of Presentation

Pakistan National Bibliography 2015 volume is presented in two parts. One part covers books in English and other European languages while other part is comprised of Urdu and Oriental/Regional language books. Every part is further divided into following three sections:-

- a. Classified Section
- b. Index
- c. Prominent Publisher List

The arrangement of bibliographical entries in Classified Section is numerical according to classification number of each entry. However the books with same classification numbers are further arranged alphabetically. The accession number of each book/ material is given in parenthesis at the end of the entry.

The index entries are arranged alphabetically with the Classification number at the end of the entry. Some entries have the instructions of "See" to the main entry. Index creates easiness to those users/ readers of Pakistan National Bibliography who want to have access to the complete bibliographical entries through Author, Title, Subject, Translator, Compiler or Corporate Author.

A Publisher list of those publishers who have produced valuable material in this issue of Pakistan National Bibliography is prepared and arranged in alphabetical order. This list is to facilitate the users, readers consulting the bibliography to get full address of their required publisher.

### Expression of Thanks and Compliments

This issue of Pakistan National Bibliography would not be possible without encouragement and patronage of Ch. Muhammad Nazir, Director General, Department of Libraries and Syed Ghyour Hussain, Director. I admire the continuous hard work of my staff that left no stone unturned in the toil of composing, compiling and bringing this national publication in the present attractive shape. I look forward the opinions and suggestions for making this publication more fruitful and beneficial for the scholars.
